

## ANALYSIS OF PROPOSITION F

By Robert E. Shannon, City Attorney

Voter approval of Proposition F would amend Section 703 of the Long Beach City Charter, relating to certain duties of the City Prosecutor.

Presently, the Long Beach City Charter requires that, among other duties, the office of the City Prosecutor shall prosecute, attend and conduct on behalf of the City Manager and other appointing authorities, all hearings before the Civil Service Commission. The proposed amendment would eliminate this duty from the office of the City Prosecutor.
